Education

2020 - present	Bachelor of Technology in Information Technology , B V Raju Institute of Technology (CGPA: 8.34/10.0)
2018 - 2020	Narayana Junior College (Percentage: 95.50%)
2017 - 2018	SPR School Of Excellence (CGPA: 9.7/10.0)

Experience

360 DigiTMG May 2023 - December 2023

Data Science Trainee

- Dedicated and enthusiastic Data Science Trainee with hands-on experience at 360DigiTMG.
- Enhanced project 'Cement Manufacturing Automation" by mastering data science and machine learning; eager to leverage newfound expertise to optimize real-world projects for tangible results.

JAVATPOINT

June 2023 - January 2023

Technical Content Writer

- Researched and produced high-quality content on fundamental concepts.
- Demonstrated exceptional communication skills by collaborating effectively with managers and reporting officers, resulting in increased efficiency in content creation and delivery.

Projects

Portfolio Website

- It is based on web Development on creating a responsive personal portfolio website to showcase our work using HTML, CSS .

Cement Manufacturing Automation

- **Client:** One of the leading cement manufacturers
- **Business Problem:** The current process involves taking samples of cement manufactured at regular one-hour intervals for quality checks in the lab. This results in a significant time delay between intervals, impacting operational efficiency.
- **Business Solution:** Implemented an automated real-time quality monitoring system in the cement manufacturing process. This solution significantly reduced the time between quality check intervals, meeting the business criteria of a 50intervention
- **Technology Stack:** Python , **Libraries:-** NumPy, Pandas, Matplotlib **Database:-** MYSQL , **Visualize Tool:-** PowerBI .

Technical Skills

- **Languages:** Java , Python , Mysql
- **Web Technologies:** HTML, CSS
- **Visualization Tools:** Power BI
- **Revelant Courses:** ML

Certifications

- **CODSOFT** - Java Programming
- **CISCO** - Introduction To CyberSecurity
- **Coding Raja Technologies** - Web Development

Strengths

TeamWork , Problem Solving , Leadership.
